

# TERRIERS™

## SEASON 1

Hank Dolworth (Donal Logue, *Life*) is a retired cop turned low-rent private investigator. His constant need to protect the people he cares about leads him to uncover a scandal that brings him more trouble than he anticipated. Britt Pollack (Micheal Raymond-James, *True Blood*) is a former petty thief who gave up his life of crime to be with his girlfriend, Katie (Laura Allen, *Dirt*). Together, they team up to launch an unlicensed private investigation business. The duo, both struggling with maturity issues, solves crimes while avoiding danger and responsibility. Comedic, edgy, original, a show about high stakes in the face of low expectations, *Terriers* explores what it's like to be too small to fail in today's America. Additional cast includes Kimberly Quinn (*Two and a Half Men*) as Gretchen Dolworth and Rockmond Dunbar (*Sons of Anarchy*) as Detective Mark Gustafson.
